IN HONOR OF . . .

A breath of fresh air has blown into Yale High School this year, and it left a new principal behind. His name is William Rykhus.

Mr. Rykhus was born in Minnesota, raised in South Dakota, and received his bachelor's degree from South Dakota State. He came to Michigan in 1963 when he began counseling students at Buchanan High School. He was principal of Bay City All-Saints High School for 6 year when he became involved with the Sheltered Workshop in Lapeer. The Sheltered Workshop provides employment for handicapped adults.

Now of course, Mr. Rykhus is here as our principal. He lives in Lapeer with his wife Karen, and two children, Rich and Erin.

We'd like to welcome Mr. Rykhus to Yale, and we wish him the best of luck.

OLYMPIC CONSTRUCTION

Seniors took 2nd place in the float competition.

3rd place was taken by the Juniors float.

Sophomores received 4th place with their float.

WINNERS were the freshmen with their prize float.

Olympic Gold

It was a sunny Saturday afternoon when the Homecoming parade started down Main Street. Each float was built around the theme of the Olympics. The students worked hard this year and it showed in the final products. First place float winners were the Freshmen with the saying "Yale goes for the Gold!" Second place went to the Seniors with "Sail on to a Bulldog victory!" The Junior class took third place with their float "Bulldogs Vault to a Victory!" Fourth place went to the Sophomores with "Torch the Rockets!" All in all, the floats were a huge success and showed the community the spirit of Yale High School.

SPIRIT SHINES THROUGH

A real punker—Kevin Kovacs bares it all.

A Week Full of Pep!

What's the deal? Halloween for a week? No, it's Spirit week at Yale High School. The purpose of Spirit week is to increase the spirit in the school for our homecoming. Spirit week this year went as follows: Monday was Olympics day, which fit in with our theme. Tuesday was Punk Rock day; everyone dressed quite outrageously. Wednesday was twins day, which made people think they had double vision. Thursday was dress-up day; the school looked refreshing to see everyone dressed nicely. Friday was blue-n-white day; this is a traditional day during spirit week. During spirit week there is competition to see which class has the most spirit. The faculty won and the seniors came in second. This shows us that the faculty does have spirit and care about the students and school.

Two wild and crazy toga brothers show their spirit—Mike Kurtz and Ken Mazzoline.

Showing their spirit, Steve Bond and Lynn Vandenbossche, go totally blue and white.

Have you ever seen better looking guys? Steve Hodgins and Dan Keegan strut their stuff during dress-up day.

FLOAT CONSTRUCTION DURING . . .

Hard at work Louis Chojonowski stuffs flowers.

Busy, Busy, Busy, Seniors worked hard to complete their float.

AFTER!!!

Finally all the hard work has paid off. Seniors took 2nd in competition.

Time ticked away as the day quickly approached for the floats to be judged. The students worked diligently on their floats. Each class had two weeks to work on them. The theme, which was the Olympics, was picked by the Student Council. The float meetings were held either at a house or a public building. The students who attended were volunteers from each class and the advisors were present at each meeting. The hard work put into these floats really showed in the final products. The advisors and students who worked on these floats should be commended for a job well done.

ALL DRESSED UP—

Teachers take the last plunge Friday afternoon.

WITH SCHOOL FEVER

Students learned alot from their instructors.

The excitement started out slow but by Friday the students at Yale High school were at a fevered pitch. By the end of the week the students were released to the gym for a forty-five minute pep assembly. At this time skits were put on by the cheerleaders, faculty & principals and the 1984 homecoming court was introduced to the student body for the first time.

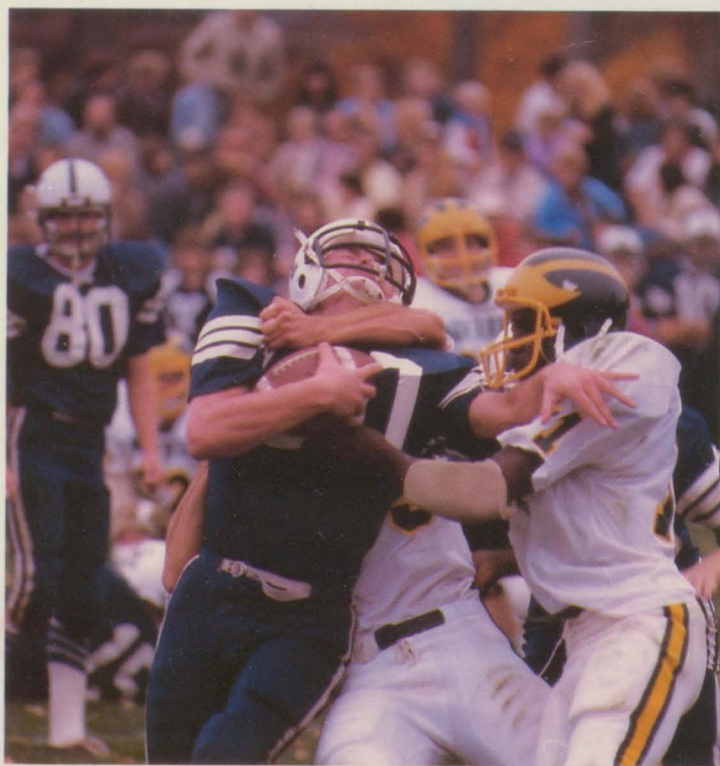

ALL FOR YALE STAND

The excitement began to build as the 2 o'clock kick off time approached. The stands were packed with Bulldog fans anxious to see if Yale would pull off a homecoming victory. But it was not to be as New Haven prevailed 34-20. However, we are very proud of the efforts put forth by our team against one of the top teams in the league. Touchdowns for the Bulldogs were scored by Paul Klocke, Kent Porter, and Dan Keegan. The game was an offensive struggle and there were a few bad breaks that really hurt Yale's chances. As coach Egan later stated, "The team continues to improve every week and by the end of the year we could play even with any team in our league."

Six for Yale! Seniors Kent Porter and Paul Klocke celebrate after Paul scored Yale's second touchdown.

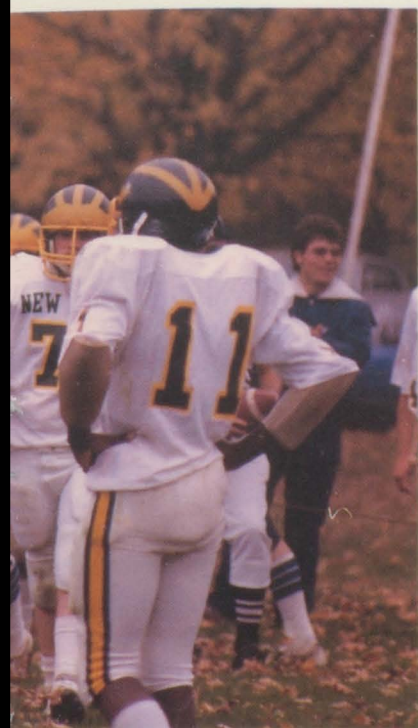

New Haven finally found a way to stop Kent Porter, they also helped him loosen his helmet.

Junior signal caller Steve Bond gets the offense started.

UP AND HOLLER!

Defensive Back Pat Klaus trips up a rocket and Clark Edgerton moves in for the kill.

The least of Yale's worries was getting Paul Klocke around end, as Jeff Ferrier escorts.

YALE LET'S THEIR

SPIRIT SHINE

Everybody is getting into it.

Out spirit keeps on rolling on.

Varsity cheerleaders showing their spirit.

It was high noon; the sun was full when all the members gathered on the street. The parade began and was led by the policemen. The parade included the floats made by our high school students. Also, many Yale community members such as the Hospital Auxiliary participated. Cheerleaders rode on cars cheering for a homecoming victory. Children from the Dale Ann's School of dance were included in this year's parade. No parade is really a parade without a clown. That's why high school students dressed up as clowns and livened the parade. This year's parade was a super turnout and the weather was terrific. It was the biggest parade in quite some time.

"I WAS HAPPY AND HONORED . . ."

The best is here; they have arrived; the homecoming court of "85". This year's homecoming court was made up of two freshmen, two sophomores, four juniors, and six seniors. The excitement was really high as the homecoming King and Queen were to be announced. They announced Julie Ainsworth as homecoming queen "At first it didn't seem like they should be saying my name. When the shock wore off I was happy that all my classmates gave me this honor." When they announced Kent Porter as homecoming King his reaction was, "I was happy and honored that all my classmates voted for me. It especially meant a lot for me because my grandparents and mother were there." The year-book staff would like to congratulate Julie and Kent on becoming our 1984-85 homecoming King and Queen.

Last Year's Queen proudly presents the Queen's attire to Julie Ainsworth.

Receiving his royal apparel is the 1984-85 King Kent Porter.

Sharing their happiness Kent and Julie hug each other.

LOOKS LIKE THEY

Representing the freshmen class this year is Carrie Rapp and Scott Holley.

The representatives for the sophomore class are Loretta White and Steve Huffman.

Junior homecoming representatives are Sherri Chiesa and Brian Rykowski.

The ballots were passed and the votes counted. This year's homecoming representatives were picked by their classmates. The freshman representatives were Carrie Rapp and Scott Holley. The sophomore representatives this year were Loretta White and Steve Huffman. The representatives from the Junior class were Sherri Chiesa and Brian Rykowski and Tina Barone and Ed Donnellon. This year's homecoming representatives that were up for King and Queen were Paula Priess and Paul Klocke, Julie Ainsworth and Kent Porter, and Missy Liebler and Kevin Kovacs. The girls were dressed in long formals while the guys wore suits. The girls rode on a float during the parade with last year's King and Queen, Jim Kean and Carol DeVigili. The Homecoming representatives also participated in the half-time ceremony at the game, where the King and Queen were crowned.

Also representing the Junior class are Tina Barone and Ed Donnellon.

MADE IT . . .

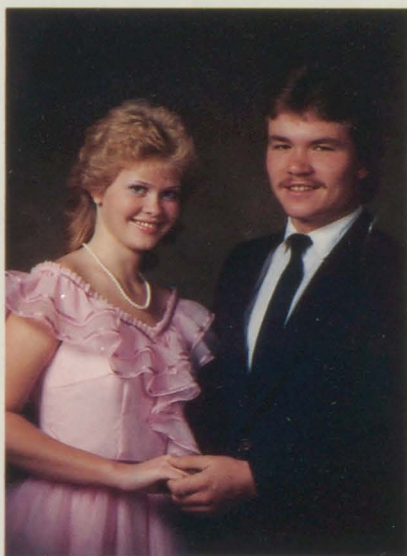

This year's homecoming King and Queen, representing Yale High School, are Julie Ainsworth and Kent Porter.

Announcing the 1984-85 homecoming King and Queen . . . The Homecoming King and Queen were picked by the whole student body. They were announced at the half-time ceremony at the game. This year's homecoming King is Kent Porter. Kent is an outstanding student as well as athlete. He is the son of Genevieve Porter. This year's homecoming Queen is Julie Ainsworth. Julie is also an outstanding student and vice-president of the Senior class. Julie is the daughter of Mr. and Mrs. Robert Ainsworth. The King and Queen led the march at the homecoming dance. Kent and Julie will reign as King and Queen until they hand over their crowns to next year's homecoming King and Queen.

Representing the Senior class are Paula Priess and Paul Klocke.

Representing the Class of 1985 are Julie Ainsworth and Kent Porter.

Senior representatives Missy Liebler and Kevin Kovacs.

. . . SO CLOSE—

Senior running back Dan Keegan looks to the referee for some help in getting a first down.

Dan Keegan shows the form that helped him score one of Yale's three touchdowns.

YET SO FAR.

The offensive line was busy opening up holes for Kent Porter to run through.

Yale Bulldogs are still #1 with us! This year's homecoming game was played against the New Haven Rockets. The Bulldogs played against the New Haven Rockets. The Bulldogs played a very good game even though we were defeated 34-20. Kent Porter said, "It was a good game. They were a good team in first place with good running backs. I felt we played a good game against them." Pat Klause added, "They were bigger than us, and I thought we played a good game."

Quarterback Steve Bond sprints outside Kent Porter's block.

Coaches Egan and Rathje talk over pre-game strategy.

DANCING THROUGH THE NIGHT

Everyone danced to the beat and had a great time.

Randy Roy and Tim Pattenau kicked out the jams.

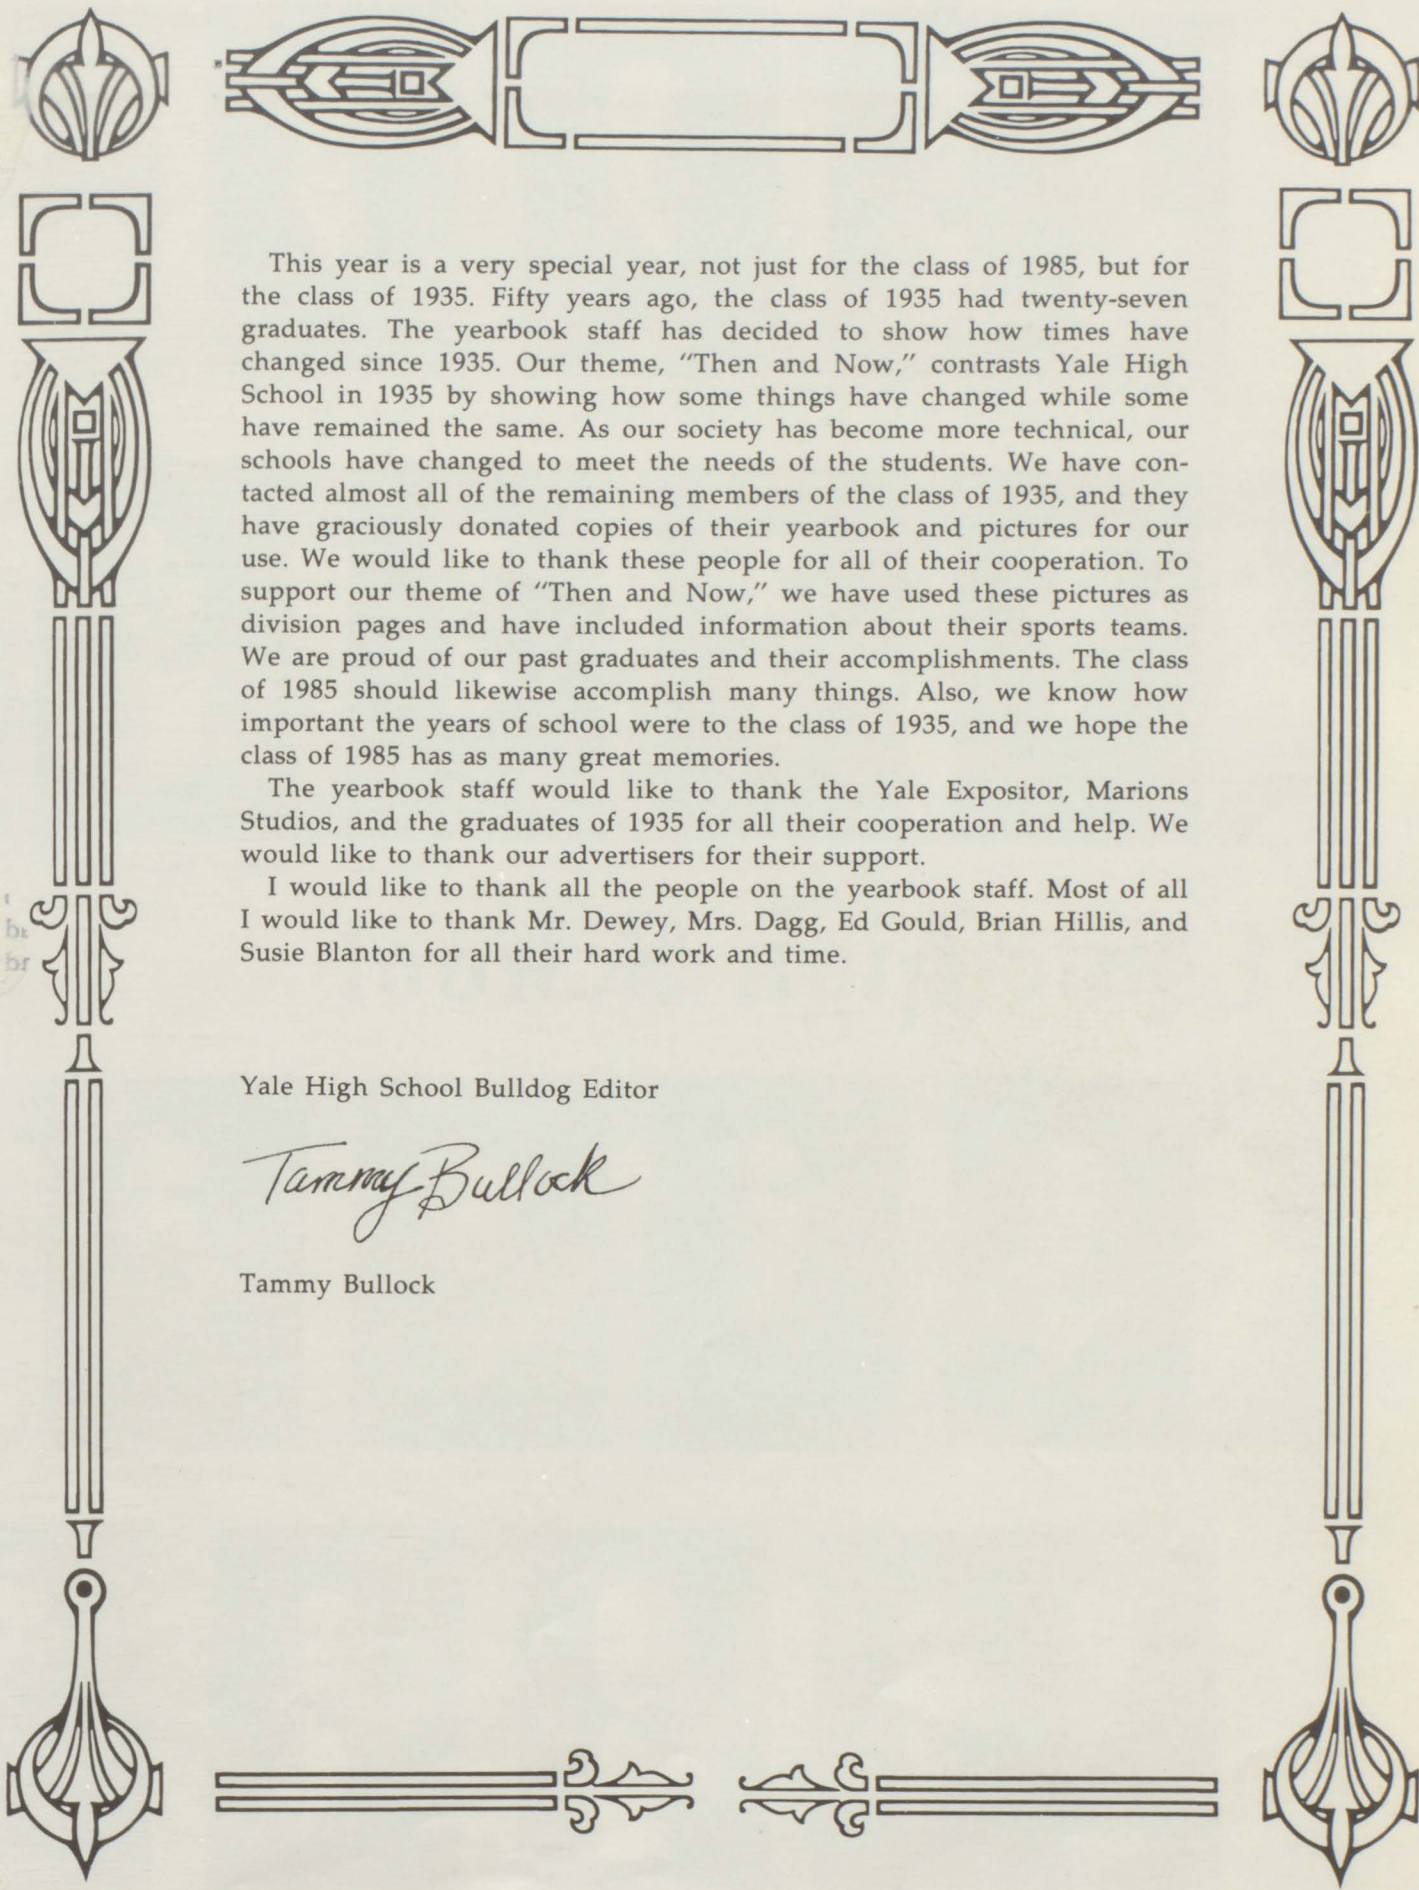

The Grand March was led by our representatives.

For months the student body had waited for this day. You could almost feel the tension. Then it finally happened. Saturday, October 20th from 9p.m.—12a.m. was our homecoming dance. It was the biggest turnout ever for a homecoming dance. The music was provided by D.J.'s Randy Roy and Jeff Pattenau and included videos. The gym was nicely decorated by Student Council members and small tables were provided for conversation. Chaperones this year were Mr. and Mrs. Dagg, Mr. and Mrs. Maul, Mr. and Mrs. Rykhus, Mr. Dewey, Mrs. Hazel and Lisa Kettlewell. Karen McClure said, "This year's homecoming dance was the best we've had in a long time. The people who were present were dressed very nicely and had a good time. Everyone knew the rules and cooperated which made things a lot easier. Participation for clean up afterwards was good also. It went by very quickly and everything returned to normal. I think this year's homecoming dance was a big success, and I hope it continues in future years."

Introducing our King and Queen.

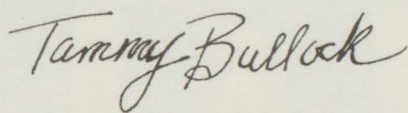

This year is a very special year, not just for the class of 1985, but for the class of 1935. Fifty years ago, the class of 1935 had twenty-seven graduates. The yearbook staff has decided to show how times have changed since 1935. Our theme, "Then and Now," contrasts Yale High School in 1935 by showing how some things have changed while some have remained the same. As our society has become more technical, our schools have changed to meet the needs of the students. We have contacted almost all of the remaining members of the class of 1935, and they have graciously donated copies of their yearbook and pictures for our use. We would like to thank these people for all of their cooperation. To support our theme of "Then and Now," we have used these pictures as division pages and have included information about their sports teams. We are proud of our past graduates and their accomplishments. The class of 1985 should likewise accomplish many things. Also, we know how important the years of school were to the class of 1935, and we hope the class of 1985 has as many great memories.

The yearbook staff would like to thank the Yale Expositor, Marions Studios, and the graduates of 1935 for all their cooperation and help. We would like to thank our advertisers for their support.

I would like to thank all the people on the yearbook staff. Most of all I would like to thank Mr. Dewey, Mrs. Dagg, Ed Gould, Brian Hillis, and Susie Blanton for all their hard work and time.

The Junior Class Officers from left to right are: Vicki Kardell, President; Mr. Robinson, advisor; Tammy Taylor, Secretary; Ann Porrett, Treasurer; and Brian Rykowski, Vice President.

Hi! My name is Vicki Kardell and I'm Junior Class President. My fellow officers are: Vice President, Brian Rykowski; Secretary, Tammy Taylor; and Treasurer, Ann Porrett. I've really enjoyed this year in office. Our float committee worked very hard this year for Homecoming and did a great job on the float. We have future plans for a dance and I hope it will be a success.

On behalf of all the Junior Class officers, I'd like to thank the Juniors for their spirit and enthusiasm this year. It's been a great year!

Sincerely,

Vicki Kardell

Hello, my name is Dena Balla. I am a junior this year. My interests are reading books, music and swimming. For the past three years I have been a member of F.H.A. and am currently president of the group.

My future plans are really undecided. I'd like to go into nursing but am not sure yet. I do know I'll go for General Business at SC4 first.

My goals in life are to go for what I want, and that is my advice to everyone else. Do what you want and be happy.

Hi! My name is Jerry Porrett, and I would like to tell you a little about myself.

I am an Eagle Scout which most of you already know. An Eagle Scout is the highest award in scouting. Some of you are probably saying, "Scouting—big deal!" However, it is a lot different than most people think. Say for instance, I go to an interview for a job, show my resume, and it says that I'm an Eagle Scout. Well that's just like adding on another high school diploma. It will help you towards that job because it shows that you can be trusted to do your job the best you can.

I also enjoy building models, playing basketball, going to dances, hunting, and fishing. All of these things keep me pretty active and take up a lot of my time.

As for academics, I'm a pretty good student I think! I do have my troubles with some subjects. Gradewise, I am an average student.

My future lies in the Marine Corps. I plan to be a pilot. This requires 4 years of college then 7 years of service. I think it is worth it.

Hello, my name is Sherry LaMay and I'm a Junior. My interests are in drawing, softball and cheerleading. I've been a cheerleader since eighth grade and hopefully I will be a cheerleader next year. In my ninth and tenth grade years I was elected Vice President for our class.

My future plans are to go to college. I haven't quite decided why I want to go to college yet, but I know that I will take at least one year of college at St. Clair County Community College. Then I plan to go to Michigan State.

Hello, my name is Steve Hayward. I'm in the eleventh grade and have a grade point average of 3.042. I hope to raise my grade point average so that I might receive financial aid for college.

I believe in being active in school. I've been in Varsity Track for two years and Varsity Cross Country. Presently I am treasurer of the Science Club.

In my spare time I try to occupy myself with after school activities, work, running, bicycling, and still-life art.

The major goals I've set for myself in life are sometimes complex. I want to be as successful as possible for the conditions given and help the people around me enjoy life. Hopefully, others feel the same way.

This years Sophomore Class officers are: President—Pam Houston, Vice President—Tricia Antrim, Secretary—Stephanie Docherty, Treasurer—Kristin Manns. Our Advisor is Mrs. Robinson.

One of our goals this year is to raise money for our Senior Prom. We are planning to do this by having dances during the basketball season and other fund raising activities.

The Sophomores put a lot of time and effort into the Homecoming this year. Our float took 4th place but another goal for next year is to win 1st place.

Hello, my name is Tom Kean. I am in the 10th grade. I have been a member of the Student Council for 2 years. I played JV basketball and Varsity tennis last year. This year I am involved in JV football, basketball, and Varsity tennis. My grade point average is 3.5. After school I plan to attend college at SC4 for 2 years, then go on to a larger school. I think it is important that you try to get good grades, because it will help you in college and in finding jobs. I think it is also important that you have fun while you're in school.

Anne Donohue is a sophomore who takes studying seriously. She has recently joined the Science Club and was a Ted Stine award candidate in the eighth grade. After high school Anne hopes to attend a university possibly in Europe.

She enjoys many activities including swimming, ice skating, and bike riding. She has also been a ballet student for four years. In her junior year Anne would like to be an exchange student in Belgium. She enjoys traveling and is interested in learning about different cultures.

The classes that she has enjoyed the most are Computer Programming, Algebra, Geography, and History.

The Freshman Class Officers from left to right are: Tracy Huffman, Vice President; Amy Kelly, Treasurer; Carrie Rapp, Secretary, and Jennifer Funk, President. Not Pictured: Mr. Dams, advisor.

In the past our class has raised money by having dances, bake sales and selling jewelry.

Our class officers first project this year was to plan and build our homecoming float. We must have done a good job for our float "Yale Goes for the Gold" won first place. We are now planning to have a Sadie Hawkins dance, where the girl asks her favorite guy.

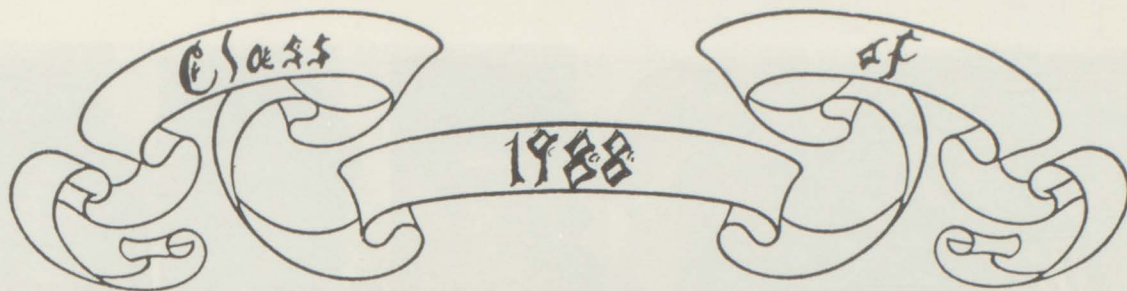

In the future we plan on having bake sales, car washes, and many more things to help our class.

We are a very large freshman class and hope to have a good four years at Yale High School.

GOOD LUCK FRESHMEN!!

Hi, my name is Jeanine Flemming. I am 14 years old and a freshman this year. I am a bible-believing Christian and go to Faith Baptist Church of Ruby. I enjoy playing softball and volleyball. I am also taking lessons in piano from Pam Loggans. I try to keep an A, B average in all of my classes. After I graduate from High School, I am planning on attending Marantha Baptist Bible college. There, I am planning on majoring in Elementary Education.

Hello, my name is Krystal Meredith. I am a freshman at Yale High School. This is my first year at the high school and I have had a really good time. My interests are mostly sports. Basketball is my favorite sport. I also plan to play softball. Currently I have a B average but I am hoping to raise it. I am planning to attend college and take some business courses. I would like to go to Michigan State University if possible.

Hi! My name is Mary Muldoon. I am a freshman. I work hard to maintain an A average because I feel it is important to do the best possible academically.

I like all sports. I enjoy participating in them as well as watching them. My favorites are basketball, volleyball, and softball. I feel sports are an important part of the curriculum.

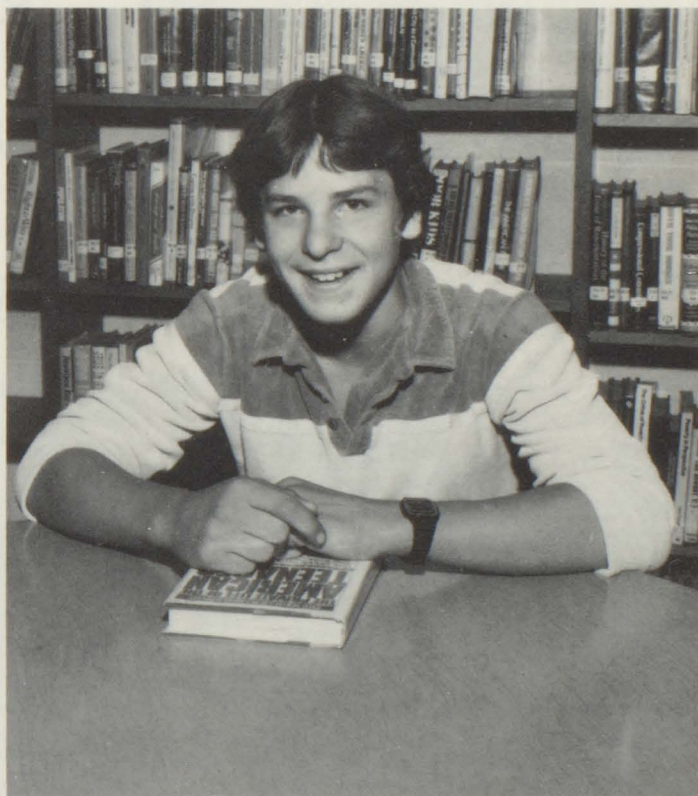

I am in Spanish Club and I really enjoy it. I hope to someday visit a Spanish-speaking country so I can learn more about its culture, and experience Spanish life.

My friends are very important to me. I enjoy being with them and I feel comfortable when I am with them.

After high school, I would like to continue my education in the area of accounting. I would enjoy being an accountant because I like math and working with numbers.

My name is Tom Ruedisueli. I'm a 14 year-old freshman this year. I was born on May 21, 1970. I plan on getting in to baseball this spring. I like other sports like hockey, and soccer but I have to say that baseball is my favorite. Some of my interests are body building, cutting wood, and farming. My favorite subjects are Biology, World Geography, Gym, and shop. I am not very enthused with Math but it is alright. My favorite subjects are the ones I get fair grades in.

My name is Maria Hiniadou. My country is Greece. It's a wonderful, small country on the Mediterranean Sea, with big history. A lot of sea and a lot of islands are around my country. As teenagers we have a lot of places that we can go and discuss. The most common subject for discussion is politics. As for my life here, I like it. People here are very nice and generous. School is very different in my country, but I like the school here. I'm staying in Emmett with Mr. and Mrs. Eric Rapp. If you want to write to me when I return in my country, my address is:

My name is Hernan Artayaveytia, but here people call me Paco. I was born in Uruguay and lived there for 18 years and 11 months. On my 19th birthday my American family gave me a party. I was very happy.

I come from Uruguay, a small country with three million inhabitants, twenty-five million sheep and twelve million cows. As you can see there is much more cattle than people; that's why meat is very, very cheap in my country. Uruguay is a South American country located between Brazil and Argentina. Most people in the U.S.A. believe that in Uruguay we live in trees and eat bananas. I don't get mad at this, because I'm also unfamiliar with other nations.

I live with the Whitson family. They have been very nice to me, as all people from Yale have been so far. Consequently, I've tried my best to return that friendliness. When it's time to return to Uruguay, I will miss the United States.

My Address: Palmar 2526

KONNICHAWA

I am Ruko. I'm 18 years old and I'm from Kyoto, Japan. Before I came here or even now, some people ask me why I came to America. Because:

"Go abroad"—sound good.

"In a high school time"—sound fresh.

"A whole year"—long enough.

"Alone"—Adventure!

"As an exchange student"—intelligent!

"To go to America"—America—football, rollerskate, American Graffiti, dance-party, James Dean, Cowboys, Indians, Mickey Mouse,...

"That's It!!"

Now I'm here. There are no Cowboys and Indians, James Dean, Mickey Mouse of course. America doesn't look like the movie "American Graffiti"; however, this is much more fun than "American Graffiti." If I hadn't been an exchange student, I could never have come here to Yale, and never seen all of you.

So this year is the most fun year that I have ever had!!

My name is Margot Van Heerde and I'm from the Netherlands. I'm staying with the Trexler family in Ruby. It was quite a nice change for me to come here because the people in my country are reserved while most Americans are outgoing and friendly.

I haven't seen that much of the U.S. yet, but I've been to Mackinac Island and to Cedar Point in Ohio. I'm planning to go to Florida in March, and I'm joining the Science Club at school. I hope I will make a lot of trips with my family.

I enjoy being a part of a family where I am not the oldest child. Here I have two older brothers, but at home my brother and sister are younger than me. I like this country, and the American lifestyle so much that I'd like to live here always if it were possible.

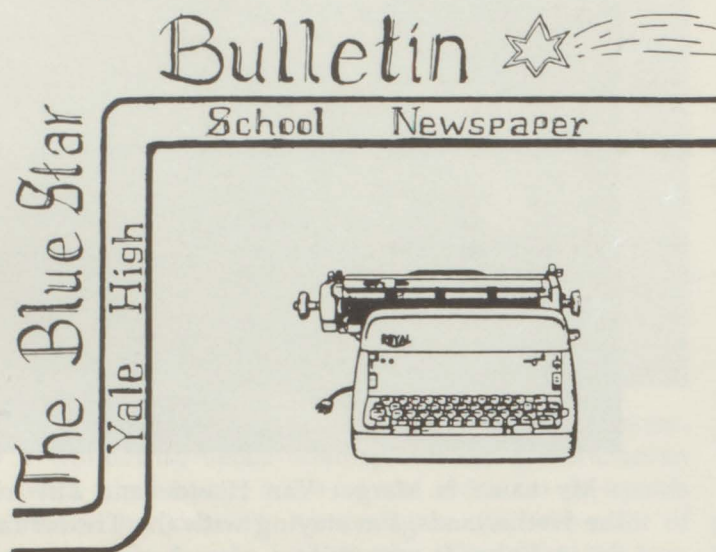

I'd like to thank everyone who has helped make my year a wonderful experience, especially my American family. I will always remember this year of my life.

BEHIND THE SCENES

Mrs. Taylor is the advisor for the "Blue Star Bulletin." This is the first year that journalism has been split into two separate classes; yearbook and newspaper.

The newspaper staff hopes to accomplish many goals by the end of the year. The goals are; develop the writing skills of the staff, produce the paper on a regular basis, write the articles with the aid of a computer, and eventually, to have the paper produced commercially.

Front Row: Paula Whitson. Second Row: Theresa Yeashevich, Maureen Stapleton. Third Row: Colleen Heeney, Laurie Babel, Tracy Aldea, Sheri Chiesa, Lisa Donnellon. Fourth Row: Joanne Bulmer, Dawn Burgett, Deanna Fleming, Dorothy Peltier, Sherry Beiser. Back Row: Cheryl Ryan, Patty Lashbrook, Paul Gross, Lisa Shier.

Jennifer Stocker, Andrea Kocis, Kelly Kinney, Karen Tushling, Ed Gould, Tammy Bullock. Debbie Hazzard, Tammy Echlin, Lisa Hansen, Peggy Thomas. Mike O'hair, Jeff Withey, Karen Johnson, Laurie Yeashevich, Tim Fecteau, Tracy Ronan, Bill Palmateer, John Mahoney. Glenn Hyde, Steve Chicovsky, Gregg McCallum.

The journalism class is a very productive class. The students in this class put a lot of hard work and time into making the yearbook. Working on the yearbook isn't what everybody thinks. You can't just throw it together. It takes quite a bit of patience and understanding and that's what each one of these students have.

The prices have remained the same for four years. Thanks to our advertisers and patrons we were able to include color in this year's yearbook.

We hope you find this year's yearbook as good as last year's if not better.

STUDENT LEADERS

This year the number of students on the Student Council was more than that of any of the previous years. The reason for this was that anyone who felt he wanted to be involved with the Student Council was allowed to join. This method of selecting was very beneficial in that the people involved were willing to work hard because they wanted to be on the Council. Also extra numbers allowed more ideas for new programs that would help both the community and the school. This was a major goal in Student Council. Our main goal in Student Council was to increase student leadership and be recognized as leaders in our school and community.

We continued the programs that were started last year while trying to expand new programs this year. To achieve this we divided into five groups: Fundraisers, Community Service, Public Relations, School Maintenance, and Teacher Appreciation. Each of these groups were Homecoming, Blood Drive, Canned Food Drive, and a Dance-a-thon, just to name a few. We set up a scholarship fund for a chosen senior going on to college. The funds for the scholarship were collected by a "A"-athon.

We plan to have many activities as we could so that the 1984-85 school year will be a great one for both the school and the community. With the people we had on this year's Student Council, the goal was easily reached.

F.H.A.

F.H.A. is a club associated with Home Economics. This year our F.H.A. consists of 26 members. Our goals this year are to increase our membership, promote Home Economics, to provide a community service, improve school life and enhance the personal growth of our members.

Our first goal was accomplished. We had an increase of 8 members and for accomplishment of our third goal, we are going to adopt grandparents for Christmas and provide a gift and food for them. For our goal of improving school life, we are going to make benches for an outside eating area, this spring. We are promoting Home Economics by focusing on Home Economics in our showcase. For our last goal, which is to aid in the personal growth of our members, we will be participating in leadership events at our staff meeting at Western Michigan University in Kalamazoo. In order to carry out these goals, we have to have money, and so we also plan money-making activities throughout the year. Some of our money-making activities will be selling flowers for Homecoming and Valentines day, sponsoring a dance in January, and selling candy to pay for our membership drive. Other activities of the year were a field trip to Auto World in November, Meadowbrook Hall in February, flower-arranging class in December, State Leadership meeting at Kalamazoo in April and to end the year, our F.H.A. Awards Banquet in May.

F.H.A. had a very busy and successful 1984-1985 school year.

The National Honor Society

National Honor Society members are selected on the basis of their scholarship, leadership, character and service. The members plan a variety of social activities and provide free tutoring during school hours to other Yale students. The Honor Society also attempts to foster academic excellence by fund raising and planning projects that stimulate creativity and the pursuit of knowledge.

The Spanish Club in the past as well as the present has been a very active group.

This year we plan to get involved with the exchange students and learn about their cultures. One way we are doing this is by preparing a full course meal from each country. Doing this will also help us to develop a closer friendship with them.

Our other activities are selling love-a-grams, smurfettes, and M&M's. We also have a car wash. The money we raise is used for a trip to Chi Chi's since we can't go to Mexico.

None of these things would be possible without the support of our advisor, Miss Sworthwood. I would like to give special thanks to her for everything she has done.

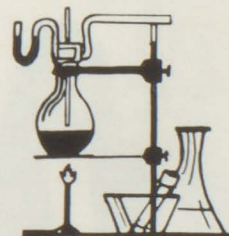

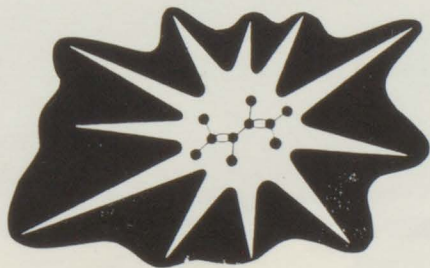

Sincerely,
Missy Beschoner

The goal of the Yale Science Club is to provide students with an opportunity to explore a variety of scientific phenomena and to travel to areas that enhance a students cultural and intellectual background. At the club's weekly meetings, a topic is presented and the members have an opportunity to manipulate the scientific apparatus for themselves. The club members also travel throughout the United States and have trips planned this year to Toronto, Florida, and the Smokey Mountains. Membership is open to any students in grades seven to twelve.

DO, RE, MI . . .

In past years the Yale Band was a rather large organization. Along with being able to fulfill the responsibilities of a normal size high school band, they also put out an album played on a local radio station. Presently, were only able to perform at football and basketball games as a pep-band. However several members are practicing solos and ensembles for regional and state competitions, and we are looking for support from our school.

To all the people who have been helping us in the band, we say "thanks" and if you haven't watched us we're where it's at.

Thank you and Adios,
The Yale Senior High School Band.

ADMINISTRATION

Administrators have one of the toughest jobs in running a school. They have to deal with discipline. That in itself is quite a job. They also must insure that the education we are receiving must be of the best quality. We really appreciate all the work the administrators go through to keep the school running smoothly.

Superintendent, Helen Takacs.

Making our days easier, Rose and Betty.

Our new Principal, Mr. Rykhus.

Assistant Principal, Mr. Darin.

COUNSELORS

Mr. Goetz, and Mr. Little help the school run smoother. They're in direct contact with the students. They have to help us work out our 4 year plan, decide which college we'd wish to attend, and which of us is best suited for the skill center. Thanks to them, we students are more organized.

Always there to help, Mr. Goetz.

Ms. Allam's English 9 class suddenly becomes quiet. Along with English she teaches College Composition, Senior College English, plus "grammar, writing, and self-respect." English is fun because you can discuss anything and listen to the kid's ideas."

Before teaching Ms. Bromburger counseled for six years. "I also had opportunities to make more money," Ms. Bromburger remarks, "but I always stuck with my original goal of education."

Mrs. Taylor has been teaching six of her eleven years at Yale. She teaches English 9 and advises the school newspaper—The Blue Star Bulletin.

Besides teaching General Composition and Reading Techniques, Mr. Yurko is fluent in many languages. These Include: Greek, Russian, Latin, Hebrew, French, Slovak, and English.

But Mr. Yurko is not only the talented teacher in the school. Best Known for his Social Science Classes, Mr. Nofs also teaches General Composition class.

Mrs. Dagg Teaches English Literature and Senior College English. She has been teaching for fourteen years.

Mr. Rathje and Mr. Hunt both teach computer classes. Mr. Rathje teaches Computer Math I and Basic Algebra IA, and Mr. Hunt teaches Computer Math II, Calculus, and Trigonometry.

"Nothing ventured, nothing gained," is Mr. Meyer's motto. Mr. Meyers, a new teacher this year, teaches General Math, Consumer Math and Basic Algebra IA. He's taught in two other school districts, but feels that "overall, the students of Yale are much better."

Both Ms. Taylor and Mrs. Willer teach Consumer Math and Mrs. Hedge, back now that her son has been born is once again teaching Algebra I and Algebra II.

Mr. Robinson

Ms. Sworthwood

Mr. Nagy

Hard at work is Mr. Presnell.

The main reason for Social Sciences is to help understand the way people of other cultures live.

Yale's Social Science department consists of six classes; World Geography, American History, Government, Economics, Psychology, and Sociology.

To go along with these courses are a few of the school's most comedy-wise teachers. Of course, it's either Mr. Robinson's bad jokes or Mr. Presnell's Andrew Jackson story (which he repeats throughout the year.)

Fun is Fun; but there is always work to be done, whether it's taking notes or watching films. All of these teachers take Social Sciences seriously, but they also try to find ways to make it fun for the students to learn.

Social Sciences, like any other class, can be difficult or easy depending on the student. It can also be fun or boring. If a student is not asserting himself, they will not pass the course even though it is required in all four High School years. But most students say they enjoy the course.

This department is headed by some very good teachers, such as Mr. Presnell, Mr. Robinson, Mr. Nagy, Ms. Sworthwood, Mr. Nofs, and Ms. Bromberger.

They are doing a fine job and should be recognized for it.

RENAISSANCE

In Art

Mr. Dewey

"Students get better and better each year." Mr. Dewey talks about his Art I class. He also teaches Art II and Art III. But Mr. Dewey is not the only teacher in the fine arts section; Miss O'Neil, the Music Department instructor, teaches Choir and Band. This is her first year as a teacher and she is planning a year of renaissance in music for the entire Yale Community.

DOING THE BEST YOU CAN

Mr. Cook

Mr. Marcetti

"You'll never be anybody if you don't do anything." Mr. Cook warns a patient and attentive class. Mr. Cook along with Mr. Marcetti teach in our industrial arts section. Mr. Cook, who has been teaching at Yale since 1972, teaches Woodworking. Mr. Marcetti who has been teaching at Yale 14 years, is in charge of Drafting, Metals and Woods.

Both Mr. Cook and Mr. Marcetti are foreseeing a good year. Mr. Marcetti urges his classes to "Go for it, do the best you can." And they do.

¿QUI ES ESTO? ¡ESPAÑOL!

"¡Escuchin Clase!" Senorita Sworthwood's voice rings through the room. Her students stop, then slide their chairs closer to their desks. "No!" laughs Senorita Sworthwood. "¡Escuchin! Listen!"

Senorita Sworthwood is teaching a Spanish I class. We're lucky she is, too. The Senorita almost became a math teacher. She'd be teaching us $A+B=C$ instead of Español.

Senorita Sworthwood's motto is "If you don't succeed the first time, try again." And this year you have the chance. The Spanish department has added a new class, Spanish III.

Ms. Sworthwood

ENDURANCE, EXPERIENCE, EXCELLENCE

"Getting It Together"

Getting it together and putting it back to work, that's the game in this school. Getting the body into shape is hard work.

Physical Education classes do more than work the body, they work the mind. In these classes students learn discipline, concentration, and self-respect.

There have been a couple of changes since last year. Mr. Darin does not teach P.E. this year. He is now working hard as our new Assistant Principal. Also, classes are no longer co-ed. Both students and teachers believe this is an improvement that was needed.

We still have two well-experienced teachers. Mrs. Goodall who's taught 14 years entirely at Yale, and Mr. Egan who's been with us five of his 14 years of teaching.

Mrs. Goodall

Mr. Egan

ON YOUR OWN

Mrs. Willer

Miss Carpenter

When you're on your own in this crazy world, it's not easy. There are things that you should know and understand. That's what Home Economics classes are created to do; they teach you things you should know while you're on your own.

In Home Economics there are five separate classes. These classes teach students everything from preparing food to raising children properly. These classes consist of Foods, Clothing, Child Development, Marriage and Family Living, and Independent Living.

There are two very understanding and helpful teachers who share the responsibilities of teaching these classes. Mrs. Willer teaches Foods, Child Development, and Marriage and Family Living. Miss Carpenter also teaches Foods, plus Clothing, and Independent Living.

Education and Entertainment

Mrs. Vesper

Mrs. Bloom

The "Bulldog Think Tank" is one of our most prized possessions. From fiction to non-fiction, from magazines to newspapers, here you'll find everything you need to help educate and entertain you. Not only does it handle books, but all the school's audio-visual equipment. It keeps the equipment in excellent condition, so it's ready for use.

With a quiet and friendly atmosphere, you can do different sorts of things without interruptions.

Behind the library are some of the most helpful people in the high school. Mrs. Vesper and Mrs. Bloom do their best to help when they can. Mrs. Sabada works with students in the Career Resource Room.

These people work their hardest making the library a nice place to be.

School services are a vital part of the High School, not only do they prepare hot lunches for the students, and keep our classrooms clean, but they keep the school running smoothly by answering the phones, typing letters, and other office duties.

These people are always overlooked in school affairs. But if it wasn't for them, there wouldn't be any type of activities for students and parents to enjoy.

A YEAR OFF TAKES ITS TOLL

It has been said that after a school loses its football program for a year it takes five years to get the program back on track. True to this saying, Yale's Varsity team did not enjoy a very successful season this year. However, they definitely did let everyone know that Yale football was back, as they punished every team they played.

Even though the team only came away with one win out of nine tries, Yale really put a scare into some of the area's best teams. Two of Yale's finest and guttiest performances both came in losing causes. They battled Armada to the very end before losing 28-25 in double overtime and did the same to league co-champs New Haven, losing 34-20.

Senior captains Dan Keegan and Kent Porter showed why they were elected captains by holding the team together and keeping everyone in good spirits throughout the season. Porter was elected to the first team all-league and was also selected to the All-state honorable mention squad. Joining Porter with first team all-league honors was Senior defensive back Paul Klocke. Senior Clark Edgerton and Junior Steve Bond both earned second team all-league honors.

The team is looking forward to next year's season and is anticipating much improvement.

ON THE BULLDOGS

... Win One

The Yale defense played a strong game in the loss to Memphis. They also had strong performances against Dryden and Almont.

Adam Babicki and Brad Vincent celebrate another touchdown against New Haven. However, Yale came up short 34-20.

A familiar site, as Kent Porter crosses the goal-line. Kent earned first team All-league honors at fullback and he also was selected to the All-State honorable mention squad. Kent averaged 4.6 yards per carry and had 827 yards rushing on the season. He and Paul Klocke shared the Most Valuable offensive back award.

Paul Klocke takes off for a big gain. Pauls specialty was running the reverse. He averaged 7.5 yards a carry, and scored 5 TD's.

Tailback Steve Huffman splits the Memphis defense on his way to one of his touchdowns during the 30-6 rout of the Yellowjackets.

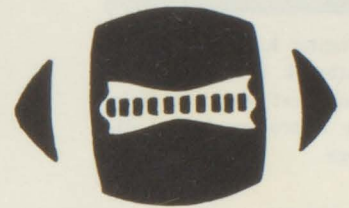

Who knows what might have happened if the Junior Varsity Football team would have been able to complete their season. A crucial decision placed the members of the squad on Varsity for the remaining two games of the season. However, some players had an outstanding season. Steve Huffman led all rushers with 834 total yards, averaging 8.1 yds. per carry. Darryl Hilliker, a Bulldog fullback, also enjoyed a fine season with a total of 785 yds. and an average of 7.7 yds. per carry. These players, along with many other Sophomores should be a welcomed addition to Varsity Football next year.

We wish you the best of luck class of "88."

Kristine Kettlewell off a fastbreak. Kristine will be back next season to help the improving lady bulldogs.

The Yale lady cagers struggled to a long and disappointing season. The Bulldogs Coach Jim Trombley thought all of his players showed a lot of hustle and improvement as the season progressed. Key players this year for the "Lady Cagers" were Shannon Clement and Tracy Kavanagh, both were potent scorers.

Junior forward Shannon Clement drives up court looking for another assist. Shannon was a key player for the bulldogs this year and should be a dominant player in the area next fall.

Sue Kean goes up for two, as the Bulldogs go on for a 30-26 victory.

The J.V. girls Basketball team suffered through a long and frustrating season losing 5 of their first 6 ballgames. They finished the season with a 6-11 overall record, and were 5-7 in league play. However, the Bulldogs have some talented players in freshman Krystal Meredith, and sophomore Sue Connell, who was also awarded MVP. Amy Youngheim, a bulldog junior, was awarded the most improved player award. The Yale girls Basketball program should be secure for years to come.

Sue Connell takes advantage of being sent to the charity stripe.

This year's Cross Country team enjoyed another successful season under the direction of Coach Hunt. They were ranked sixth in the thirty team Blue Water Area. They also placed second in division of the Yale Invitational. Many honors were awarded for the members of the boys' team. Mike Kurtz and Fred Nazar were awarded first team all Blue Water Area, and Ken Mazzoline made the Honorable Mention Squad. Team Captain, Steve Witt, also enjoyed another successful season.

The girls' team has only two members, but they both had good seasons. Michelle Kimball was a medalist in ten meets this year, and Carol Nowicki was a medalist in the Yale Invitational and had good showings in all of her meets as well.

Congratulations to Coach Hunt and all the members of the Cross Country team.

Ken Mazzoline, Mike Kurtz, and Fred Nazar all earned All-area honors this year.

Steve McIntyre carefully watches a wedge into the green.

Jeff Jasmer sinks a twenty footer for a birdie.

Although the golf team didn't have an outstanding season, they showed a lot of promise for the years to come. Made up mostly of underclassmen they only managed two wins, but gave everyone they played a very tough match.

The best round of the season was shot by Jeff Jasmer with a 42 against Almont. Jasmer finished the season with a 49.3 average to lead all bulldog golfers, Steve McIntyre and Scott Hanson finished second at 54.6. They all will return next year along with Ted Aldea who averaged 61.5 per round.

Bulldog golf should be back on top in the S.T.A. next year.

Cheerleaders Help Build Spirit at Yale High

Front Row: Leah Capanda, Christine Frenette. Back Row: Vicki Kardell, Missy Liebler, Sherry LaMay, Margaret Muldoon, Lisa Holley, Maureen Stapleton.

Cheerleaders Leah Capanda and Margaret Muldoon show their spirit.

Long hours of practice certainly paid off for the Varsity Cheerleading Squad last year. They continued to sparkle and shine from the sidelines, even though Yale football had a tough time getting back on the winning track. With only three seniors on the squad, most of the responsibilities fell on their shoulders. Responsibilities like planning pep assemblies, getting out pep notes to the players and keeping the school in good spirits.

Led by their advisor, Tami Begerowski, the squad enjoyed another fine fall season and should also help the basketball team's efforts as well.

GIMME A Y...

Cold nights, screaming fans, football players crashing into the sidelines and lack of school support for their team. These are the things that the Yale Junior Varsity cheerleaders had to put up with this year.

Even though their season was cut short because the whole J.V. football team was taken up to the varsity for the last two games, they did a fine job in keeping the J.V. players fired up for each game, and also had many different cheers and mounts to perform from the sidelines.

We congratulate their advisor Jackie Chandler for giving us an excellent show of spirit from the sidelines.

Varsity Basketball is finally on top of the S.T.A., after years of finishing behind Capac and New Haven, Yale is now the dominating force in league play. The Bulldogs showed that you don't have to be big to win. With their run and gun style of play the bulldogs had an easy time with Capac in the first meeting of the season, and though it took them two overtimes to beat New Haven at home, they promptly went down to the Rockets home floor and played one of their finer defensive games of the year in a 71-62 triumph.

Dan Keegan who had been the areas top scorer this year averaging nearly 27 points per game and point guard Paul Klocke have shown what hard work and determination can do. Kent Porter who has totally controlled the boards this year got some needed help when Mark Rykowski (6'5") was called up from the J.V. squad. Also Mark Hachenski, who has made some clutch baskets, gets his full share of points and boards, while Clark Edgerton and Steve Bond provide spark coming off the bench.

Ripping down rebounds was Kent Porter specially this year, but here he shows he can also score by hitting short jumpers. Kent averaged nearly 12 rebounds a game for the Bulldogs.

Another two for Keegan! Dan Keegan who was named to the All-Area team and averaged nearly 27 points per game went out with a band as he led the areas in scoring and was a key player for the Bulldogs.

The spark plug of the Yale Basketball team, Paul Klocke, goes up in a crowd against Capac. Paul led the team in steals and assists this year.

Senior forward Mark Hachenski glides towards the hoop for two of his 14 points against Imlay City. Mark had an excellent Senior year.

Brian Rykowski glides to the basket for 2 of his 12 points against Capac.

The Yale J.V. Basketball team had a fine season ending up 9-8. Two games are yet to be played. The Bulldogs were led by Steve Huffman who averaged 11 points per game. Closely following him were Tom Kean and Denny Roy who each had an average of 11 points per game. The Bulldogs were hurt when Mark Rykowski, a 6'5" sophomore, was taken up to Varsity. These and many other players should have a fine season next year on Varsity.

Denny Roy puts up a shot, in a losing effort as Yale lost to Capac 59-61 in OT.

Steve Teichow fights for position to grab a rebound against Algonac.

The freshmen Bulldogs struggled to a 1 and 10 record this year. This record does not reflect or do justice to the heart and spirit with which the young Bulldogs played. As a team, they came together and played very intensely and competitively near the end of the season.

Rich Nader was the leading scorer with a 9.6 point average per game. Brian Wiczorek helped out by grabbing 12 rebounds per game under the boards. The smooth Jeff Ingles went 50% from the charity stripe. The Bulldogs hope to improve their record and team play next year. Good luck class of '88'!

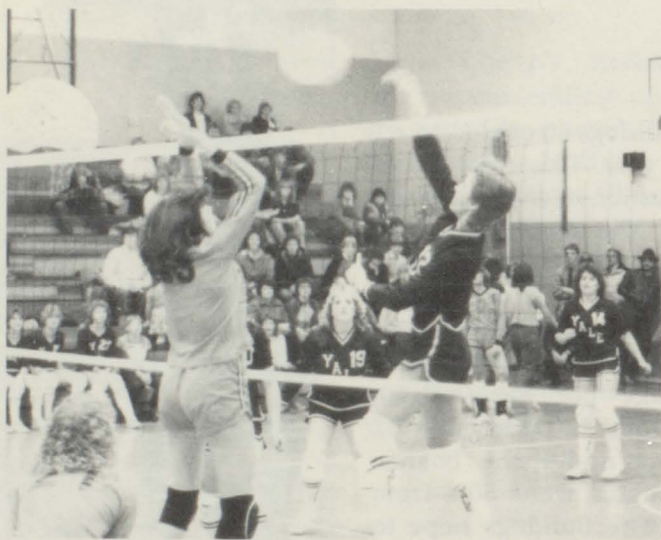

Brian Wiczorek puts up a shot for 2 points against Algonac.

The J.V. Spikers had an outstanding 84-85 season. They compiled an overall record of 7-8. Hopes were high as the team started out with a bang. The Bulldogs team was made up of Freshman and Sophomores, who each did an outstanding job. Top players for the Bulldogs were Loretta White, Sue Connell, Tracey Roy, and Colette Dujardin. These and many others will benefit the Varsity in years to come.

Yale Invitational Runner-up

'GRAPPLERS GOOD'

The Yale Varsity Wrestling had a terrific season. They finished with a 8-3 Overall record, and were 3-1 in STA action. The only league loss came from Almont which defeated Yale by 1 point. The Bulldogs also finished runner-up in the Yale Invitational. The two top wrestlers on this squad were Tim Muldoon wrestling at 98 lbs., and Brad Vincent wrestling at 167 lbs.

The Bulldogs also consisted of many underclassmen who should make Yale a tough contender next year.

State qualifier, Tim Muldoon, Sets his opponent up for a pin, in the 98 lbs. weight class. Tim has another year left to add to his many career wins.

CHEERLEADERS ROOT BULLDOGS ...

Front Row: Margaret Muldoon, Sherry LaMay, Sheri Chiesa, Maureen Stapleton. Back Row: Julie Ainsworth, Leah Capanda, Vicki Kardell, Missy Liebler, Christine Frenette.

Spirit and pep helped carry this years cheerleading squads through their season. They put on many pep assemblies and did more than enough of their share at the games, keeping the fans fired up and rooting the Bulldogs to many a final victory.

They also were very nice to visiting teams as they made sure that they greeted everyone with a "hello" cheer at halftime of each game. They also tried to get a fan bus to each away game but were unsuccessful in each attempt.

Thank you for a fine season of support.

Senior Jim Kean sprints for third.

It had never been done before by any team. However, on a warm day in June, the Yale Varsity Baseball team made history. They not only beat Almont 8 to 1, but they finished their league schedule undefeated and took the S.T.A. crown. Yale was the first team to ever go through the S.T.A. schedule undefeated.

The potent Junior attack included Dan Keegan, Pat Klause, Kent Porter, and Keven Kovacs who all received post-season honors. The Seniors contributed greatly also. Jim Kean, Larry Kraft, Chris Yurko, Jim Muldoon and Dave Drotar provided leadership as well as a combined .340 batting average.

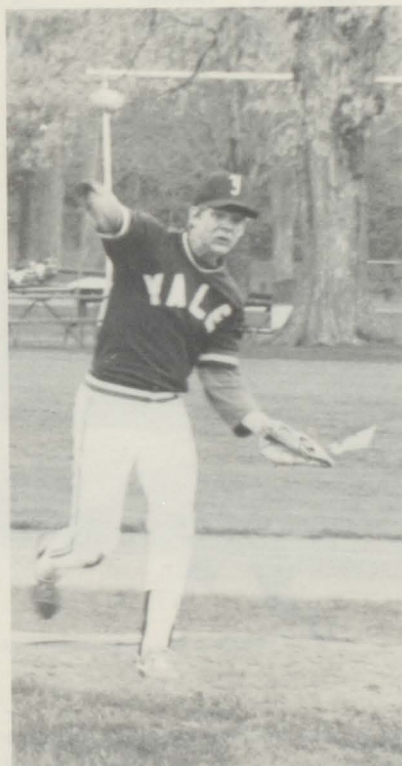

With Yale's strong line-up, it's no small wonder the Bulldogs took the league championship. They should also be a strong contender again this season. Many key players plus coach Mike Falter will be returning this year.

Bulldog baseball continues to be exciting and enjoyable.

Yale's Junior Varsity baseball team ended their three year domination of the S.T.A. when they finished with a four and four record last year. Yale had won the S.T.A. championship at the Junior Varsity level the last three years. The team also struggled in their non-league games also, compiling a six and nine record for the Season.

They may have been lacking a winning season, but they weren't lacking good players. Six players batted over .500 with Brian Rykowski taking top honors at .627. The top pitchers were Tim Tiechow, Steve Huffman, and Brian Rykowski who all had two and three records. The varsity team should receive some good talent this year from last year's team.

This is why Diane Kettlewell now holds every Yale pitching record.

When a team wins three league titles in a row, you know that something must be in their favor. Talent is one of the main reasons Yale has had such good success in the past two years, and last year's team was no exception. Yale compiled a 14-0 league record and a 23-2 overall record.

A major reason Yale had such success was the pitching of senior Diane Kettlewell, who now holds every Yale pitching record. Another reason they were so outstanding was a potent hitting attack, which was led by Thresea Hyde with a .578 batting average. For these reasons, Kettlewell and Hyde along with Junior Tracy Kavanaugh and Senior Kathy Roy received 1st team all league honors. Our congratulations to Coach Robinson and the girls for a fine season.

With a .578 batting average, Theresa Hyde shows why she was elected to the all league team.

Back Row: Coach Rosa Tinetti, Trudy Begerowski, Dorothy Peltier, Theresa Wawrzyniak, Sue Connell, Diane Daniels, Coach Sharon Hall.

Preparing players for the Varsity is usually the job of a Junior Varsity Coach. Coach Rosa Tinetti did a fine job, and will send the varsity team some excellent players next year.

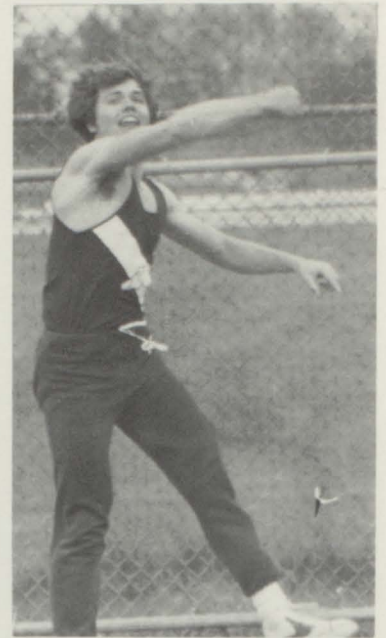

The team's record was not an indication of how well the players performed. They did put together a two game winning streak through the course of the season but that quickly ended when they lost to Marlette.

Coach Tinetti gave out these awards last season. They were Co-Captains—Jackie Charney and Angie Danielkiewicz, and most improved player—Amy Youngheim.

Third Row: Simon Vargas, Adam Huffman, Steve Frenette, Joe Goubert, Neil Thomas, Matt Melton, Steve Witt, Greg Harrington.

There it Goes! Dave Wampler finishes off a Discus throw.

The Boys' track team had a successful season last year. One of the reasons is that they upset their archrival Cros-lex, and they finished second in the league meet behind champion Capac. Outstanding seniors awards were given to Joe Goubert and Steve Frenette. Goubert set a new school record in the high jump at 6'3¼".

The Girls' track team was unbelievably successful. They had a large upset over Almont. The team is made up mostly of underclassmen and the girls showed that Yale will soon be a force to contend with in S.T.A. track competition.

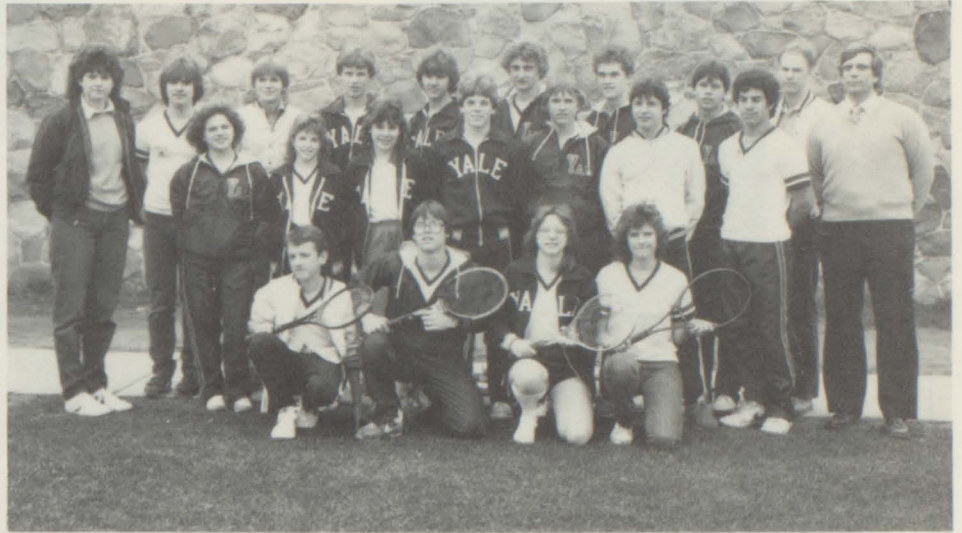

Girls Track Front Row: Sheri Edwards, Rhonda Cutler, Bonnie Probst, Loretta White, Stephanie Shaieb, Gwen Hennesey, Diedra Fulmer, Sue Harvey, Carleen Trupp. Middle Row: Michelle Kimbal, Bobby-Jo Huffman, Lisa Kelly, Tracy Bark, Connie Probst, Anna Whitson, Roxanne Barone, Mary Menig, Amy Pavel, Shannon Clement, Rose McClelland, Coach Rathje. ADVANTAGE YALE

Yale's tennis team finished their season last year with a few fond memories; the most important one was a second place finish in the Yale Invitational behind champion Elkton-Pigeon-Bayport. The team was led by Mike Sanders (first singles), Darren Barone (second singles), Al Nagy (third singles) and Tom Kean and Kim Pederson (first doubles). The team also finished fifth at the Regionals and fourth at the Armada Invitational.

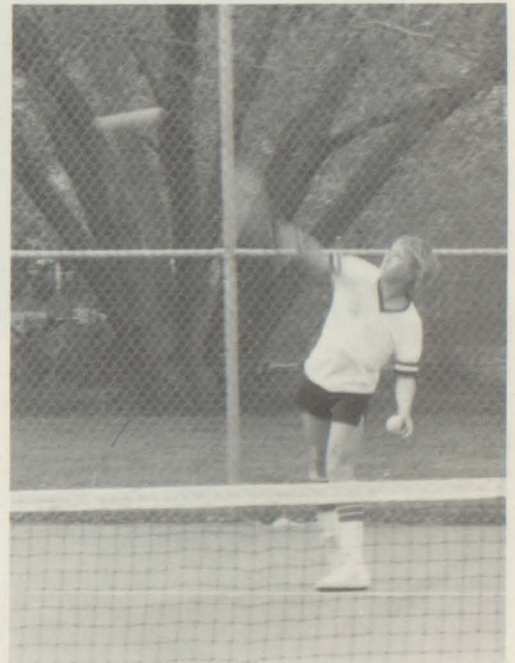

The award winners for last year were outstanding tennis player, Mike Sanders, Outstanding Freshman, Tom Kean; and most Improved player, Tom Jarfis. This year's team should have just as much success as last year's team.

Front Row: David Cutler, Keith Walter, Linda Anderson, Tammy Taylor. Middle Row: Lilyana Bucu, Margaret Muldoon, Amy Becker, Denny Roy, Tom Kean, Chuck Neubert, Brent Rieli, Coach Hunt. Back Row: Terri Click, Jim Campau, Steve Covert, Marty Roberts, Mike Prey, Al Nagy, Mike Sanders, Kim Pederson, Tom Jarfis.

Tammy,

Since you were born you have
been such a beautiful addition to our
family. Now that you are growing up
we can see that you are a beautiful
addition to the world and we are so
proud of you.

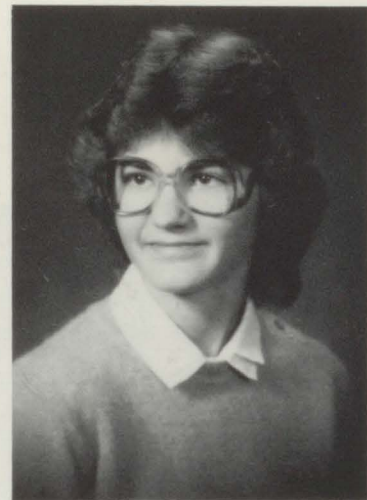

We love you,
Mom and Dad

Tracey,

No words can describe the warm
memories, the pride, and the
gratitude, too, that comes from
having a daughter to love and to
cherish like you!

We're so proud of you,
Love,
Mom and Dad

Lori,

We are so proud and happy for you. We've
watched and admired your effort and admired
your determination and your effort to achieve
the goal that you set for yourself several years
ago. Our prayer is that you will seek God's will
for your life and let Him lead, for we know

"The Lord is good; His love is eternal, and His
faithfulness lasts forever." Ps. 100:5

Yale High School as it appeared in 1904. The school was constructed in 1887 at a cost of \$12,000 and a new addition was added in 1904 at a cost of \$27,000 to house all 12 grades. In 1914 there were 116 pupils in high school. 14 teachers taught all 12 grades. Three seniors graduated from Yale in 1891 and by 1914 the class graduates numbered 18.

The first school was built in Yale in the early 1850s. It was a log building and was located near the corner where The Meating Place is now located. It burned after only a short period of time. Next a board shanty was constructed near where Elmwood Cemetery is now located. There was no road west of Yale so students walked up Third Street and crossed Mill Creek to school.

**When you look for a job,
they'll ask for experience.**

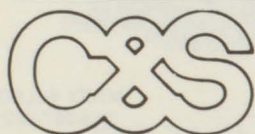

Whether you're headed on for more schooling or you're headed into the job market right now, one thing's for sure.

Employers are looking for experience.

When you look for a bank to begin handling your accounts you should ask for experience, too.

Experience means when you need a bank for more than saving and checking, they'll be able to handle your needs.

The bank with the most experience in St. Clair County is The Commercial and Savings Bank. We've been helping people and businesses continuously since 1871. That's experience!

Savings Bank/Since 1871**
